

Please find enclosed McLane's Technical Reference Manual for version 4010. We will start migrating trading partners effective immediately. All trading partners should plan to be on version 4010 no later than 1 August 1999. Effective 1 August 1999, McLane Company, Incorporated will no longer support transaction sets below version 4010 with its vendors.

WE REPEAT: Effective *1 August 1999, McLane Company, Incorporated will no longer support transaction sets below version 4010 with its vendors.*

If someone outside your company is developing the mapping for you please feel free to share this technical reference manual with them.

Please call as soon as possible to set up a date to start testing, or if you have questions concerning this document please call one of our EDI support team members as listed in the manual.

We have included an updated list of our divisional Ship-to addresses.

Please take time to complete the enclosed survey. Your feedback is important to us. McLane Company will use this information to focus on those transaction sets, which benefit our trading partners and McLane Company. Your timely response is appreciated and will insure that your feedback will be considered into McLane Company's future plans.

Sincerely,
McLane EDI Support Team
